FAILURE TO PROPERLY COMPLETE THIS APPLICATION MAY DELAY PROCESSING OF PERMIT.

The following are examples of City requirements, which may not be IRC requirements.

1. Provide compaction test and soil density reports for all fill dirt installed.
2. Permit is active for 180 Days. (No inspection within 180 days, permit will expire and a renewal fee will apply.)

THE 2006 INTERNATIONAL BUILDING CODES AND THE 2005 NATIONAL ELECTRICAL CODE ARE THE OFFICIAL CODES OF THE CITY OF OZARK.

APPLICATION REQUIREMENTS

1. Completed application
2. Four sets of stamped plans (two sets required for Infill) to include:
 - a. Site plan with setbacks
 - b. Footing, foundation plan
 - c. Floor plan with plumbing, mechanical and electrical design, size and location of electrical service.
 - d. Elevations, all sides.
 - e. Structural details
 - f. Fire System (if applicable)
 - g. Plans to include building data, such as use group, construction type and square footage.

All construction documents must be prepared by a design professional registered in the State of Missouri and shall include the name and address of the design professional, along with signature, date and seal. Engineering details of any structural, mechanical and electrical work, including computation, stress diagrams and other essential technical data must be signed and sealed by a registered engineer of the State of Missouri.

INSPECTION & UTILITY REQUIREMENTS

Inspections can be scheduled through City Hall by calling 581-8909. Address, job name, subdivision, lot number, type of inspection, phone number and building permit number must be given when inspection is requested. Building permits must be posted at the job site. Building plans and job cards must be made accessible to the Building Inspector. The following inspections are required and not limited to: FOOTING, FOUNDATION WALL/PIERS, UNDER SLAB PLUMBING, THICKEN SLAB, PRE-BACKFILL, SEWER, TEMPORARY ELECTRIC, JOIST, STRUCTURAL FRAMING, ELECTRICAL, PLUMBING, MECHANICAL, GAS LINE TEST, PERMANENT ELECTRIC SERVICE, INSULATION, DRYWALL, AND FINAL FOR OCCUPANCY. *Call before 7:00 a.m. for same day inspections. After 7:00 a.m., inspections will be taken for the next working day.*

SOLID WASTE AND NUISANCE REQUIREMENTS AT SITE

1. Developers, builders, and lot owners must comply with Solid Waste and Nuisance City Ordinances such as trash, weeds, building materials, and dirt on the street. One warning will be given; after which time, a stop work order will be issued for the development or building.
2. The disposal of construction or waste is regulated by the Department of Natural Resources under Chapter 260, RSMo. Such waste in types and qualities established by the DNR shall be taken to a demolition landfill or a sanitary landfill for disposal.
3. The law also requires persons engaged in building construction, modification, or demolition to maintain records of sites used for demolition disposal. These records are to be maintained by the Contractors for a period of one year.
4. It is the responsibility of the applicant for damages to City right-of-way and easements regardless of which subcontractor contractor caused the damage.

The Applicants shall be responsible for the cost of all third party reviews. This shall include, but not limited to storm water reviews, traffic reviews and etc. The City of Ozark will be the sole determiner of the requirements for these reviews. The City of Ozark will issue and track invoices for these cost.

I hereby certify that the answers and other information on this application are true and correct and I have read and understand the above procedures and requirements as they pertain to City building regulations and by signing this form, acknowledge compliance with these rules.
